WELCOME MESSAGE

Dear Friends, Colleagues and Partners,

On behalf of the Greek industrial, welding, and academic community, **it is our great honor and pleasure, to welcome you to the 77th IIW Annual Assembly and International Conference** on Welding and Joining, that will take place **from 7 to 12 of July 2024 on the amazing island of Rhodes, in Greece.**

Welding Greek Institute, organizes and hosts this unique and global event for the first time in our Country, setting the highest goals to this international effort, that covers the latest developments in industrial and technical sectors, academic research, training & education activities, qualification and certification of persons.

Greece's geographical position places the country at the main Energy Crossroads, so it is a great opportunity to meet other Participants with the same interest, **create business opportunities**, exchange views on multiple issues, provide opportunities for globalism, innovation, endeavor, fair play and simultaneously changing perceptions in a large multiple audience, which build relationships and trust, and through effective communication enable and foster **interpersonal relationships.**

We are looking forward to welcoming you in person for the 77th IIW Annual Assembly and International Conference, **in historical Rhodes, the "Island of the Knights".**

Nikolaos Chatzopoulos

President of Welding Greek Institute Governing Board

General Information

The IIW 2024 venue

The IIW2024 Annual Assembly, International Conference & Exhibition will be hosted at one of the most emblematic hospitality Structures in the Dodecanese complex of Islands, Rodos Palace Hotel and Convention Center.

Rhodes recognized as the economic center of the Dodecanese, will serve as the backdrop—a modern island boasting a robust tourism industry and a consistent manufacturing sector, along with significant prospects in the design of the Eastern Mediterranean Natural Gas pipelines.

At Rodos Palace, a seamless blend of contemporary luxury awaits attendees, offering an unparalleled experience against the vibrant landscape of Rhodes. The event will be attended by global thought leaders, fostering dynamic exchanges and opportunities to explore industry trends within the evolving economic environment of the island.

Rodos Palace Hotel

Trianton Avenue, Ixia, 85100
Rhodes Island, Dodecanese Complex, Greece.

Organizing Committee

An Organizing Committee has been appointed, in order to coordinate all Organizational and Management activities.

The Organizing Committee consists of Executives from different industries and economic activities. Mr. Ioannis Chomatas, Chief Asset Development Officer of DESFA, is the acting President of the Organization Committee of the 77th IIW Annual Assembly and International Conference on Welding and Joining, which will take place from 7th to 12th July 2024, Rhodes, Greece, organized by Welding Greek Institute.

Using Greece's strategic key geographical location, DESFA is representing the innovative change of the energy map in the Cross-Roads of International Routes, with ongoing large-scale infrastructure projects, setting our country as a key player in the formulation of the EU energy mix, dedicated to being the interface between the 2024 IIW Event and the International Market

INTERNATIONAL INSTITUTE OF WELDING (IIW)

The International Institute of Welding (IIW) was founded in 1948 by the welding institutes/societies of 13 countries who considered it crucial to make more rapid scientific and technical progress possible on a global level.

The IIW's Mission is to operate as the global body for the science and application of joining technology, providing a forum for networking and knowledge exchange among scientists, researchers and industry. Through the work of its 23 Technical Working Units, the organization's technical focus encompassed the joining, cutting and surface treatment of metallic and nonmetallic materials by such processes as welding, brazing, soldering, thermal cutting, thermal spraying, adhesive bonding and micro joining.

THE WELDING GREEK INSTITUTE (WGI)

The Welding Greek Institute [WGI], a non-profit organization, was founded in 2007 and is a full and exclusive partner of:

- International Institute Of Welding (IIW).
- European Federation For Welding, Joining And Cutting (EWF).

It is the largest national network and reference center for welding and other related processes, acting as a vehicle for science and the application of new technologies.

In the context of networking and knowledge exchange between scientists, researchers, industry, and academia to disseminate critical information and best practices, WGI highlights nationally and internationally:

- The Technical Professions
- The Transfer of technical know-how
- Upgrading the Quality of Industrial Facilities
- The direct linking of Education and Specialized Training with the Industrial and Construction Sector

CYPRUS WELDING INSTITUTE

Cyprus Welding Institute is an Authorized Nominated Body towards the International Institute of Welding – IIW – for Cyprus, since 2014. In close cooperation with the Greek Welding Institute, offers in Cyprus the full range of IIW services, such as Welding Coordination Personnel Courses, Inspectors Courses, Welders Training, Qualification and Certification.

Welcome to Rhodes

Rhodes is the fourth largest island in Greece and the biggest island of the Dodecanese, situated in the Aegean Sea. Renowned for its historical monuments including the impressive ancient Acropolis of Lindos and the medieval Palace of the Grand Master, Rhodes seamlessly blends the old world charm with modern amenities. Visitors can explore crystal-clear beaches, wander through cobbled streets adorned with vibrant bougainvillea, and savor delicious Mediterranean cuisine.

The most popular attractions range from archaeological sites dating back to the 5th century BC, to idyllic beaches in beautiful settings and crystal-clear waters like the famous beaches of Faliraki, Tsambika, Anthony Quinn Beach, Prasonisi and Glystra.

Transportation and Distance

Getting to Athens

The fastest, cheapest, most logical and the most popular way to travel to Athens is by plane, to the International Airport, Eleftherios Venizelos.

Getting to Rhodes

- **By plane** (Diagoras International Airport)

There are many daily scheduled flights from Athens and all major European cities to Rhodes. The flight time from Athens to Rhodes is around 50 minutes and the airport is located 16 km from Rhodes Town.

For details on flight schedules and destinations connected with Rhodes, you may visit the official website of the airport at <https://www.rho-airport.gr/en/>

- **By boat** (Rhodes international port and ferry)

Rhodes is connected to Piraeus (Athen's port) and other ports of the Aegean. The conventional ships make the route "Piraeus – Rhodes" in about 12 hours while the high-speed ones do in about 7. There are also some ferry routes that link Rhodes with Heraklion (Crete) and there is a daily connection from Marmaris (Turkey) to Rhodes.

Transportation within Rhodes

Rhodes offers diverse transportation options for exploring the island. Reliable bus services connect major towns and tourist attractions, providing an affordable way to navigate the island's picturesque landscapes.

Visitors can stay informed about the latest traffic conditions, ongoing incidents, and detailed insights into public transportation throughout the Rhodes Municipality with the "Rhodes Public Transport" app.

- **You can also find it at:**

<http://mobility.rhodes.gr/en/home-efk-rodos-en/>

Taxis are readily available and can be found in designated taxi stations or through the mobility application "Free Now".

- **Download the application through:**

Useful Information

Passports & Visas

In order to visit Greece you need to have the following travel documents:

- **ID card** in the case that your country of origin is a signatory to the Schengen Agreement, you may use your national ID to enter the country and you may stay for a three-month period. In these cases a passport is not necessary, although you will need it in a variety of other transactions, including currency exchange, shopping etc.
- **Visa** If your country is not a member of the Schengen Agreement, make sure you obtain further information from the Greek Embassy or Consulate in your country before your trip, or from your travel agency. In case you travel with Visa, make sure you also have suitable insurance coverage for emergency medical or other needs.
- **Passport** If your country of origin is one of the following non-EU countries, your passport allows you to visit Greece and remain in the country for up to three months (90 days) within a six-month period: Andorra, Argentina, Australia, Brazil, Brunei, Canada, Chile, Costa Rica, Croatia, El Salvador, Guatemala, Honduras, Israel, Japan, Malaysia, Mexico, Monaco, New Zealand, Vatican, Nicaragua, Panama, Paraguay, San Marino, Singapore, South Korea, USA, Uruguay, Venezuela. Find out more on the official webpage of the Hellenic Ministry of Foreign Affairs.

 <https://www.mfa.gr/en/index.html>

Climate Rhodes enjoys a Mediterranean climate, characterized by hot, dry summers and mild, wet winters. Summers (June to August) have temperatures ranging from 25°C to 35°C (77°F to 95°F).

Currency The currency in Greece is the euro. ATMs are widely available throughout the island, and credit cards are generally accepted in most establishments.

Besides the euro, no other currency is officially accepted in Greece.

- **Credit cards:** Cards from VISA and Mastercard are accepted in Greece, especially in touristic establishments..
- **Debit cards:** Debit cards linked to your bank account let you make purchases at point-of-sale terminals and withdraw cash.
- **Cash:** Having some euro banknotes could help for small purchases, tipping, and emergencies. You can typically exchange currency at a bank or exchange bureau before or upon arrival.
- **Mobile payments:** Mobile payment services like Apple Pay, Google Pay, or Alipay are an increasingly popular way to pay, but you'll need to check beforehand how available these methods are in Greece.
- **Prepaid travel cards:** A reloadable debit card with a euro balance can give you good value, security, and convenience.

Time Zone Rhodes operates on Eastern European Time (EET), which is UTC +2 hours. During daylight saving time, Rhodes shifts to Eastern European Summer Time (EEST), UTC +3 hours.

Safety Rhodes is generally safe for tourists. There are no significant safety and security concerns. Visitors should take normal security precautions.

Telephone Services & Useful Numbers Greece's country code is +30. To call local numbers in Rhodes, no area code is required if dialing within Greece. For emergencies, dial:

- | | | |
|---------------------------------|-------------------------------|---|
| • Police: 100 | • Fire Department: 199 | • European Emergency Number: 112 |
| • Medical Emergency: 166 | • Tourist Police: 1571 | |

Registration Fee Structure

Registration Category	EARLY REGISTRATION By 31 May 2024	LATE REGISTRATION From 1 June 2024
Full Registration (Annual Assembly & International Conference)	1.090,00 €	1.250,00 €
Full Registration (Annual Assembly & International Conference) – Young Professionals	580,00 €	670,00 €
Full Registration (Annual Assembly & International Conference) – Students	430,00 €	500,00 €
International Conference	600,00 €	690,00 €
International Conference – Young Professionals	430,00 €	500,00 €
International Conference – Students	350,00 €	400,00 €
Accompanying Persons	430,00 €	500,00 €
Registration only for the Symposium Intelligent Manufacturing one day pass (July 7, 2024)	180,00 €	200,00 €

For any inquiry regarding your participation,
please contact the Congress Organizing Bureau
at info@iiw2024.com.

Accommodation

Rodos Palace hotel, having already achieved a successful 45-years journey of continuous innovation and international recognition in the tourism and especially in the conference market, is considered the most comprehensive Holiday and Conference Resort in Greece.

The hotel is located in the center of the enchanting bay of Ialysos, just 3 kilometers from the city center, the port and the Medieval City. It consists of 785 renovated rooms, including the new Premium and Executive Rooms, as well as the largest collection of suites.

The below prices refer to per room, per night accommodation and include American buffet breakfast.

The accommodation tax of 4 Euros per room, per night, is not included in the below rates. and is paid directly at the hotel by the guest upon check out.

Room Type	Rate per Room, per Overnight	
	Single	Double
Standard Garden View	160 €	180 €
Standard Sea View	175 €	195 €
Executive Garden View	180 €	200 €
Executive Sea View	195 €	215 €
Premium Garden View	200 €	215 €
Premium Sea View	225 €	245 €
Garden Suite	245 €	265 €

Program Overview

Day 1 • Sunday July 07, 2024

10:00 - 18:00	Registration
14:00 - 16:00	General Assembly
16:00 - 18:00	Ice Breaking Meeting
18:00 - 19:30	Opening Ceremony
20:00 - 22:00	Welcome Reception/Cocktail
10:00 - 18:00	Scientific / Technical Events: Symposium of Intelligent Welding Manufacturing
10:00 - 18:00	Exhibition Day 1

Day 2 • Monday July 08, 2024

09:00 - 12:30	Commissions and IAB Meetings
13:00 - 14:30	WG Regional Activities
14:00 - 18:30	Commissions and IAB Meetings
16:30 - 18:30	WG Young Professionals
20:00 - 22:00	IIW Bod Dinner
20:00 - 22:00	Young Professional Event
10:00 - 18:00	Exhibition Day 2

Day 3 • Tuesday July 09, 2024

09:00 - 12:30	Commissions and IAB Meetings
14:00 - 18:30	Commissions and IAB Meetings
20:00 - 22:00	Greek Night
10:00 - 18:00	Exhibition Day 3

Day 4 • Wednesday, July 10, 2024

09:00 - 12:30	Commissions and IAB Meetings
14:00 - 18:30	Commissions and IAB Meetings
20:00 - 22:00	Gala Banquet
10:00 - 18:00	Exhibition Day 4

Day 5 • Thursday, July 11, 2024

09:00 - 12:30	Commissions and IAB Meetings
14:00 - 18:30	Commissions and IAB Meetings
09:00 - 17:00	International Conference
09:00 - 15:00	Welding Show
10:00 - 18:00	Exhibition Day 5

Day 6 • Friday July 12, 2024

14:00 - 18:30	Administrative Meetings
09:00 - 17:00	International Conference
10:00 - 18:00	Exhibition Day 6

Technical Working Units and Administrative Working Units

COMMISSIONS

C-I	Additive Manufacturing, Surfacing, and Thermal Cutting
C-II	Arc Welding and Filler Metals
C-III	Resistance Welding, Solid State Welding and Allied Joining Process
C-IV	Power Beam Processes
C-V	NDT and Quality Assurance of Welded Products
C-VI	Terminology
C-VII	Microjoining and Nanojoining
C-VIII	Health, Safety and Environment
C-IX	Behaviour of Metals Subjected to Welding
C-X	Structural Performances of Welded Joints – Fracture Avoidance
C-XI	Pressure Vessels, Boilers and Pipelines
C-XII	Arc Welding Processes and Production Systems
C-XIII	Fatigue of Welded Components and Structures
C-XIV	Education and Training
C-XV	Design, Analysis, and Fabrication of Welded Structures
C-XVI	Polymer Joining and Adhesive Technology
C-XVII	Brazing, Soldering and Diffusion Bonding
C-XVIII	Quality Management in Welding and Allied Processes

INTERNATIONAL AUTHORIZATION BOARD

IAB-GA	Education Training and Qualification
IAB-GB	Implementation Authorization and Certification
IAB MM	IAB Members Meeting

ADMINISTRATIVE WORKING UNITS

IIW BoD	Board of Directors
TMB	Technical Management Board
WG-TCOM	Chair Technical Commissions
WitW	Welding in the World Editorial Team
WG-RA	Regional Activities
WG-STAND	Standardisation
WG-YP	Young Professionals
IAB	IAB Board

International Conference

The IIW Conference 2024

The 2024 IIW International Conference is organized in parallel with the 2024 IIW Annual Assembly event, presenting technical and scientific publications and papers, related to

"Energy Infrastructures and transportation across the seas".

Technical papers are invited for submission to the IIW 2024 International Conference, which will be reviewed and assessed by the fifteen (15) members of the Technical Committee, which consists of Academics, Engineers, Scientists, Researchers, and Market Executives, who are experts in the topics relevant to the conference.

The IIW 2024 International Conference offers significant exposure in the international welding and construction community.

Conference Topics of Interest:

- ➔ Innovative Welding and Joining Technologies
- ➔ Energy Projects in the Mediterranean Sea
- ➔ Green Growth/ Circular Economy
- ➔ Additive Manufacturing
- ➔ NDT & Advanced NDT methods
- ➔ Corrosion Mapping and Fitness for Service of metallic structures
- ➔ Worldwide Availability of Welding Personnel
- ➔ Infrastructures for Innovative Renewable Resources

Conference Participation Terms and Conditions

- ➔ All Technical Papers must be submitted before March 31st, 2024

Social program

Date	Event name	Venue	Time
Sunday, 7 July	Welcome Reception	Pool area of Rodos Palace	20.00-22.00
Monday, 8 July	Board Dinner	Castello Bastion	20:00-22:00
Monday, 8 July	Young Professional Event	Rodos Palace beach area	20:00-22:00
Tuesday, 9 July	National Night	Kallithea baths	20.00-22.00
Wednesday, 10 July	Gala Banquet	Mandraki Harbor	20:00-22:00

Sunday, 7 July ► Welcome Reception at the Pool Area of Rodos Palace

The commencement of our gathering will be marked by a sophisticated Welcome Reception held at Rodos Palace's pool area, positioned within the sun terraces and scattered across the hotel's gardens, making it accessible from every corner of the property. This elegant setting provides a tranquil atmosphere for guests to network and engage while enjoying the picturesque surroundings and the soothing ambiance of the pool area.

Monday, 8 July ► Board Dinner at Castello Bastion

An evening of exquisite dining awaits at the Castello Bastion, situated in the emblematic architectural masterpiece, the Palace of the Grand Master.

Guests will be treated to a seated, meticulously served dinner within the distinguished premises, fostering an environment conducive to engaging discussions and culinary indulgence.

Monday, 8 July ► Young Professional Event at Rodos Palace beach area

Prepare for an enchanting evening at the beachfront of the Rodos Palace hotel, where a lively and vibrant party awaits. The air will be filled with the rhythmic melodies of music, creating a magnetic atmosphere for dancing next to the sea. This beach party promises an unforgettable experience, blending the allure of music and dance with the natural beauty of the seaside setting.

Tuesday, 9 July ► National Night at Kallithea Baths

The National Night event of the congress will take place at the historic Kallithea Baths. This iconic seaside monument, steeped in tradition and architectural marvel, offers a captivating setting with lush gardens, pebble stone mosaics and crystal-clear waters.

Attendees can anticipate an evening immersed in the rich heritage and captivating ambiance of this storied location.

Wednesday, 10 July ► Gala Banquet in Mandraki Harbor

The culmination of our series of events will unfold at the picturesque Mandraki Harbor, a historic harbor exuding charm and significance located on Rhodes' northern coast.

Attendees will partake in a Gala Banquet featuring a seated buffet dinner, complemented by an awards ceremony, against the stunning backdrop of the harbor, featuring a mix of modern yachts and fishing boats and scenic promenades, flanked by neoclassical buildings conic windmills, and the landmark twin deer sculptures now marking the harbor entrance and once dominated by a giant statue of the sun god Helios, the famous Colossus of Rhodes.

Technical Events

Symposium / Intelligent Manufacturing

Intelligent Welding Manufacturing Symposium

In the Context of the 77th IIW Annual Assembly and International Conference, a Symposium on Intelligent Welding Manufacturing is organized, on the 7th of July 2024.

Intelligent welding systems technologies are shaping the industry's future and advancing the welding and joining processes to new frontiers.

Join us in a world of Join!

The Symposium topics include, among others:

- Welding manufacturing processes sensing, monitoring, identification (dynamic model) and control
- Robotization of all welding manufacturing processes
- Human-robot collaborative welding and additive manufacturing
- Application of deep learning, artificial intelligence, computer vision, image/signal processing to welding manufacturing
- Application of data-driven techniques to welding manufacturing
- Future Development

**Submit your paper
by scanning the follow QR**

Registration option only for the Symposium of Intelligent Welding Manufacturing is offered.

Participation is included with the registration fee for the IIW Annual Assembly and International Conference on Welding and Joining Please proceed to Registration page, for further information.

Technical Visit - Revithoussa LNG terminal

Friday 5th of July 2024, 8.00-13.00

The Revithoussa LNG Terminal, located on the islet of Revithoussa approximately 45 km west of Athens, is a vital energy asset for Greece, being the only LNG Terminal currently in operation in the country.

Possessing a storage capacity of 225,000 m³ of LNG and a regasification capacity of 1,400 m³/h, Revithoussa serves as a cornerstone for ensuring energy security and diversifying gas supply sources for Greece and the wider region. The facility provides increased operational flexibility in the transmission system and enhanced capability to meet peak gas demand, with its importance having been further highlighted by the recent energy crisis and the war in Ukraine, a period in which it proved instrumental in securing gas supply and driving energy diversification efforts in Greece and across Southeast Europe as whole.

Technical Visit cost: 44€

Combine with Social Event:

Sights and Sounds of Rhodes

Rhodes Medieval city is an UNESCO World Heritage site and **the largest and best-preserved fortified city in Europe**. High walls, deep moats, narrow cobbled streets that lead the way to the medieval town of the Knights compose an imposing spectacle.

Byzantine churches, Gothic rhythm Palace, Inns and Hospitals, and Mosques coexist in the most traditional Greek setting touched little by modern hectic pace and way of life. One of the most impressive buildings within the Walls is the “Grand Masters’ Palace”. It was restored during the Italian period of the island, today housing a superb collection of original mosaics from Kos Island dating from the Hellenistic to early Byzantine period.

Mandraki is the modern part of Rhodes located in the heart of the city where the famous Colossus of Rhodes, one of the Seven Wonders of the Ancient World, once stood. Although the statue no longer exists, visitors can still see the two deer statues named “Eleffos” and “Elafina” that once marked the entrance to the harbor and served as the “stands” for Colossus’ feet.

of the Temple of Apollo and the restored edifices of the Ancient Stadium and Odeon dominate over the modern city of Rhodes. This archaeological site is one of the finest specimens of the Hellenic style of architecture.

The ancient Acropolis of Rhodes dating from the 5th century BC is situated high on the summit of “Monte Smith” Hill, where remnants

Another popular site in Rhodes is **Philerimos**, the **Acropolis of the ancient city of lalyssos**. A monastery dedicated to Virgin Mary is found at the top, with a famous icon that tradition says was painted by St. Luke. The monastery features beautiful frescoes, a small museum, and a bell tower that visitors can climb for an even better view of the surrounding area. On the opposite side of the archeological area is a path lined with cypress trees. The “Stations of the Cross” are found on one side leading to “Golgotha” and a monumental cross. The view from the top of the cross is spectacular.

down the side of a mountain forming small waterfalls and pools. Every year from June to September, thousands of butterflies gather there to mate. The valley offers them ideal conditions (coolness and moisture) for mating. Once they mate, the females fly to other parts of the island where they lay their eggs and start their cycle of life once again. Steps, wooden bridges and paths take one to different parts of the valley.

The Valley of the Butterflies is situated in a thickly wooded area with a stream running

Lindos is the most beautiful village on the island. The village has been declared a monument for preservation and so it has been able to retain most of its traditional color and charm. One of the most prominent features of Lindos village is its unique architecture. The houses and buildings are made of stone and the yards are often beautifully paved with pebble mosaic and surrounded by flowering bougainvillea, geraniums, basil in huge amphoras! The narrow streets and alleys are also lined with colorful flowers and plants, adding to the village's charm.

Above the white homes of Lindos and the blue of the Aegean Sea rises the Acropolis, sacred to the goddess Athena Lyndia and a mighty fortress. The ancient sanctuary is built in levels leading upwards. At the highest of points is the Temple of Athena Lyndia (4th Cent. BC). Within the acropolis are also the remains of a Byzantine Church and the fortification of the Knights of St. John. From the top, you may look down on St. Paul's Bay, where it is said that Apostle Paul first set foot on the island in the year 52 AD.

Symi is a small and charming island located in the Dodecanese archipelago of Greece, easily accessible from Rhodes for a day or half-day trip. One of the island's main attractions is its picturesque harbor, which is surrounded by colorful neoclassical houses and fishing boats. The harbor area is the perfect place to enjoy a meal at one of the many tavernas, take a stroll along the promenade, or simply relax and enjoy the view. Beyond the harbor, Symi boasts stunning beaches with crystal-clear waters that can be reached by boat. Some are only accessible by foot, making them ideal for those who enjoy a bit of adventure.

Athens Travel Package

Dates: 4-6 July 2024

Cost: € 700

The above cost Includes:

- Transfer with taxi from Athens Airport to hotel and vice versa
- Double room with breakfast at 4* Golden Age hotel or similar (2 nights)
- Tour for 2 persons to Acropolis and Acropolis Museum on July 5th (From 07:45 to 13:30 approximately)
